to start immediately following  
final review of 2114C which is  
now in postediting review

To consist of continuing informal support  
over some period of time, at the end  
of which there will be a summary  
that will be a more formal report and  
be assigned a GP No.

3 areas completed; for 4th, a former  
study to be used; 4 remain to do;  
this being accomplished on informal  
basis as above. [redacted] also assigned.

3d area being typed (represents change  
from above; 4th area will incorporate  
earlier study; 5th area is being  
worked on by [redacted] Material going to  
requester informally.

GP 60-87:L revised for 4th area (see above)  
10 copies sent to requester.

Requester: [redacted] (15 Dec 62)

CIA/RR GP

61.2115, Tibet (Analysis of 8 or 9 selected areas)

Text

Approved For Release 2001/11/07 : CIA-RDP79T01019A000100030014-2

Date

17Jun

21Jun

RTA said to report in June as GB's  
each of the parts completed to date.  
The Final summary to be a GS.

Six areas (GB 63-348) reported complete  
as briefs.

28Jun

All briefs (9) to be completed in July.

10Jul

Three additional areas (GB 63-10, 11, 12)  
completed during July.

24Jul

This probably completed with completion  
of the several briefs; question  
of final summary yet to be  
resolved. Now in abeyance.

21Aug

Re summary mentioned, may be combined  
with 2176 if requester wishes.
